

The Outdoor-Indoor Linen Locker is a rugged, waterproof, weatherproof, lockable storage container that protects linens from the elements and from theft. Soiled linens are placed in the wide opening and easily removed through the large, ergonomic, side-access door.

The Linen Locker displays visual appeal for poolside towel collection and long-term durability for use as an outdoor-indoor donation collection box.

**Overview:** This new and innovative product was designed for optimum security and safety for collection and pick up of bulk items, both indoor and outdoor.

**Benefits:** Previously, team members and employees were using the 72P with lid and door causing some challenges. Items were exposed to the elements or removed altogether when the lid and door were not closed and locked properly. Also, multiple parties were sharing keys resulting in lost keys and compromised security. To address this problem, engineers added an accessible opening to make linen drop off easier and a rounded top to ensure snow and rain roll off easily to protect the contents of the container. The keyless drop off makes it more convenient for multiple users and the optional lockable chute can be added in place of the opening, if desired. The addition of the secure door with the lockable hasp on the side guarantees greater security of items in the locker as well as easier and quicker pickup and drop off for the route drivers.

**Standard Features**

- Rotationally molded from waterproof, chemical-resistant High Density polyethylene (HDPE)
- Large, ergonomic, side-entry access door
- Steel-reinforced padlock hasp
- Choice of standard colors

**Featured Options** (May affect shipping weight)

- Custom colors including Granite/Sandstone
- Casters for mobility
- Stencil, Mold-in or Mold-on text, logos or graphics

**Dimensions** 80" H x 47.5" W x 47.5" D

**Capacity** 54 cubic feet of volume below front opening

**Load Capacity** 1250 lbs.

**Shipping Weight** 280 lbs. for standard part on pallet

NOTE: Linen Locker fits 26 per standard trailer
