

Overview: This cart is the same narrow size as the 71P although slightly shorter (3") for use in even tighter spaces with a slightly different design.

Benefits: The 73P differs from the 71P due to its deep V-shaped cutout in the front. This more ergonomic functionality means easier loading and unloading. The 73P is made of stronger and lighter High Density Polyethylene (HDPE) compared to Linear Low Density Polyethylene (LLDPE) and has a metal free interior to avoid snags and tears.

Standard Features

- Rotationally molded from waterproof, chemical-resistant High Density Polyethylene (HDPE)
- Torque-resistant, molded-in inserts
- Metal free interior
- Heavy duty powder coated steel base
- Four 6" x 2," gray, rubber, non-marking premium casters
- Drain holes
- Hand holes

Featured Options

- Stencil, Mold-in or Mold-on text, logos or graphics
- Nylon cart covers
- Four 8" x 2," gray, rubber, non-marking premium casters

Dimensions 41" L x 28½" W x 72" O.A.H. - Inside Depth: 64"
