

Our P340 bulk container features molded projections on two sides that help container dumpers establish a firm, non-slip grip. Rotate up to 180 degrees for complete emptying.

With a smooth interior and two-way fork access, the P340 unitizes loads to eliminate the need for pallets. Stack and nest for efficient storage and transport.

**Overview:** This heavy-duty bulk container is designed to suit virtually any type of application with its firm non-slip grip and secure hold, even while rotating up to 180 degrees.

**Benefits:** The P340 withstands repeated filling with sharp heavy and hard products with no cracking, chipping or discoloring. The smooth-contoured interior ensures complete emptying and easy cleaning. It has two-way fork access, stacks covered, and nests when empty.
