

The 103P features our non-removable, hinged shelf system that enables the shelves to be repositioned from horizontal to vertical in seconds without removing them from the cart.

With the 103P, shelves don't go missing.

Overview: The rugged 103P is a smart, practical, long-lasting choice in shelf trucks due to its efficient size, strong construction and break-through shelf design feature.

Benefits: The non-removable, hinged, all-polyethylene shelf system enables shelves to be repositioned quickly for use in delivery and return of linens. And, since shelves stay in the carts there is no chance for them to get lost. The all-poly shelves (in colonial white as standard) are easy to clean and, as a result, help maintain optimum sanitary conditions. It is made of the stronger and lighter High Density Polyethylene (HDPE) compared to Linear Low Density Polyethylene (LLDPE), common with many competitors. And the 103P, like all Meese carts, has a metal free interior to avoid snags and tears. The 103P is shorter when it comes to overall height and length than the 101P but has a deeper width front-to-back. This unique size makes it perfect for unique spacing challenges, like maximizing limited closet space.

Standard Features

- Rotationally molded from waterproof, chemical-resistant High Density Polyethylene (HDPE)
- Heavy duty powder coated, steel base
- Two, non-removable, hinged, plastic shelves in colonial white with molded-in hand holes
- Molded-in, steel shelf bar
- Torque-resistant, molded-in inserts
- Hand holes
- Drain holes
- Four 6" x 2," gray rubber non-marking Colson casters

Featured Options (May affect shipping weight)

- Stencil, Mold-in or Mold-on text, logos or graphics
- Nylon cart covers
- Four 8" x 2," gray rubber non-marking premium casters
- Barrel bolt to secure shelves in vertical position

Dimensions 48¾" L x 26¾" W x 63" O.A.H.

Capacity 30½ Bushels/38 cubic feet

Load Capacity 600 lbs.

Shipping Weight 170 lbs. for standard part only

NOTE: Non-nesting containers; (54) per standard trailer
