

The Half Yard Tilt-Trux come in a heavy-duty design to thrive in nearly any type of waste collection and management system year after year.

Half Yard Tilt-Trux shown with optional, split hinged cover that hides refuse, seals odors inside.

**Environment Friendly**  
70% recycled material

**Overview:** These heavy-duty, industrial strength, extra-durable, rotomolded Tilt-Trux are also environmentally friendly and made of 70% “post consumer” recycled material. They have been, and continue to be, an integral part of janitorial, recycling and waste management efforts all around the world for transporting heavy loads.

**Benefits:** The Half Yard Tilt-Trux have steel support framing, metal free interior and use industrial-strength wheels and casters to handle up to 850 pounds of trash, construction and demolition material, and are tough enough to withstand the harshest weather conditions. Their 10-inch rubber wheels with 4-inch rubber swivel casters make these easy to maneuver over almost any terrain.

**Optional rotomolded hinged lids are available upon request.**

**Standard Features**

- Rotationally molded from waterproof, chemical-resistant High Density polyethylene (HDPE)
- Powder coated steel handle
- Tilt plate
- Smooth inner surface makes cleaning easy
- Textured outer surface hides scratches and helps maintain daily appearance
- Easy on/off wheels for quick replacement
- Consolidates smaller loads for more efficient transport
