5-year warranty
on all products.

MEESE

Meese offers a limited 5-year warranty on all products.

Meese offers a limited 5-year warranty on all plastic manufactured products.

Our Commitment

Meese has an unwavering commitment to quality, innovation and personal service. Originally founded as Meese Inc. in 1931, the company utilizes the most sophisticated rotational molding system in the world, producing superior plastic products for industries such as laundry, recycling, material handling, and recreation, as well as for emerging industries such as e-scrap, agriculture, fishing, and manufacturing. With plants strategically located across the United States, the process of developing and designing bulk laundry carts routinely earns awards for excellence in design innovation and rotomolding skills.

5-Year Warranty Program

Meese warrants that products manufactured and sold by Meese will conform to agreed specifications, it will be fit for the uses or applications for which designed and will be free from defects in material and workmanship. From the date of delivery, this warranty will remain in effect for a period of five (5) years for all rotomolded parts and one (1) year for all accessories including bases and casters.

Our Responsibility

Meese, at its option, will either replace or repair any nonconforming or defected products. If a nonconformity or defect is identified, simply notify Meese in writing within thirty (30) days after the discovery and include a detailed description of the nonconformity or defect, proof of purchase and any supporting documentation or images.

Limitations

IMPROPER USE: This 5-year warranty does not cover damage caused by abuse or accident, forklift abuse or any device used for dumping or movement that subjects the container to excessive stress.

IMPROPER CARE: A good maintenance program for plastic material handling supplies will reduce damage. We will not warrant damage that can be eliminated by a washing and cleaning program. Scratches, dings, gouges, etc., are considered normal wear and tear associated with normal usage. You may also find that colors fade due to years of wear. Although this is not a common occurrence, certain pigments are susceptible to fade. Containers may bulge and change shape. These are common characteristics and properties of plastic and its components and cannot be considered a defect in manufacturing.

This Warranty is expressly made in lieu of all other warranties, express or implied, including, without limitations, warranties of merchantability or fitness for a particular purpose. Meese, Inc. shall not be liable for any Consequential, incidental or other damages.
