

45P Shelf-Trux

Overview: In the fast-paced world of healthcare laundry, space is at a premium. Delivery trucks fill up quickly. Hallways get crowded. Elevators get tight. Yet the demand for rugged, hard-wearing carts never lets up. That's why Meese—long known for creating durable, versatile material handling solutions—created a new cart that meets those space constraints head-on: the 45P.

Benefits: If the 90P is the industry's favorite shelf cart workhorse, think of the 45P as its leaner twin. Designed with the same rugged DNA as the original 90P, the 45P offers all the same benefits—poly shelving, a metal-free interior, and a rotationally molded HDPE body—just in a smaller overall footprint. For operations navigating limited truck space, tighter corridors, compact storage spaces, or specialized delivery routes, the 45P is a game-changer.

Standard Features:

- Rotationally molded from waterproof, chemical-resistant High Density Polyethylene (HDPE)
- Torque-resistant, molded-in inserts
- Heavy duty poly base
- Four 6" X 2", gray rubber non-marking premium Colson casters
- Drain holes
- Hand holes

Featured Options:

- Stencil, Mold-in or Mold-on text, logos or graphics
- Nylon cart covers
- Four 8"x 2" , gray rubber non-marking Colson casters

Dimensions: 24" L x 28 ½" W x 63" H

Capacity: 14 bushels/18 cubic feet

Load Capacity: 325lbs

Shipping Weight: 85lbs for standard part only
