

HANGER CADDY PRODUCT INFO SHEET

Hanger Caddy

Overview: The Hanger Caddy provides an innovative solution to the ongoing logistical mess usually associated with effectively sorting and storing hangers.

Benefits: The Hanger Caddy is a field-tested storage and organization system designed to safely and efficiently manage garment hangers. With a unique receptacle design that automatically organizes hangers all in the same direction, it improves operational safety by preventing exposed hanger hooks.

Available in three configurations — **Single (500 hangers), Dual (1,000 hangers), and Quad (2,000 hangers)** — the Hanger Caddy can be tailored to fit a range of storage needs. Trusted by major **theme parks, laundries, and department stores**, it's the go-to solution for high-volume hanger management.

Standard Features:

- Rotationally molded from waterproof, chemical-resistant High Density Polyethylene (HDPE)
- Accommodates a variety of hanger sizes including: Standard, Cape, and Strut.
- Hanger Chute opening measures approximately 18.5" wide.
- Two 6" X 2", gray rubber non-marking premium casters.

Featured Options (May affect shipping weight):

- Two 8" X 2", gray rubber non-marking premium casters

Dimensions: 22 1/2" L x 25" W x 42 1/2 H
