

## SINGLE ROD RELAY CART PRODUCT INFO SHEET

Single Rod Relay Cart

**Overview:** Designed specifically for the rigorous demands of the commercial laundry industry, the Single Rod Relay Cart is a versatile, heavy-duty transport solution. Capable of handling a wide array of industrial laundry applications—including bulk linens, freshly pressed uniforms, and more—this cart is engineered to streamline your workflow and protect your garments.

The cart features a sturdy top rod ideal for transporting clothes on hangers, keeping them wrinkle-free during transit. Below the rod, a spacious wire-mesh enclosure safely contains bulk items, laundry bags, or folded linens.

**Benefits:** Maximize efficiency with this Single Rod Relay Cart, built to support up to 1,500 lbs. Its dual-purpose design handles bulk laundry and hanging garments simultaneously, while the breathable wire mesh enclosure prevents odors and allows for quick inventory checks. Your staff will appreciate the ergonomic drop-down gate for strain-free loading, and industrial-grade casters guarantee smooth maneuverability across facility floors and tight corridors, even at maximum capacity.

**Standard Features:**

- Heavy duty powder coating
- Four 6" X 2", gray rubber non-marking premium Colson casters

**Featured Options:**

- Four 8"x 2", gray rubber non-marking Colson casters
